# IAQ PACKAGE

*Improve the Air Quality in your Home*

CONRAD'S **HEATING & COOLING** INDOOR AIR QUALITY PACKAGE addresses the causes rather than the symptoms of poor indoor air quality by using the highest quality equipment on the market.

The average home moves around one million cubic feet of air everyday. Let CONRAD'S harness that movement to not only clean, disinfect, and deodorize, but also help with allergies, asthma, and dry itchy skin.

The benefits don't end there...this package will also help protect your investment by reducing harmful build-up on your HVAC equipment. Reducing the need for service calls and repairs.
